WEST COAST SWING

West Coast Swing is a social, modern style of partner dance. It is sophisticated, dynamic, playful, fun and can be danced to a wide range of music including top 40s, R&B and blues.

With a focus on technique, improvisation and musical interpretation, WCS is ideal for people of all levels, from beginners who have never danced before to the experienced dancer looking for a new challenge.

Our classes are a great way to meet people and get fit.
